## CAREER OBJECTIVES

Motivated and detail-oriented postgraduate student pursuing MCA from MIET College,Meerut.Seeking an opportunity to enhance my technical and analytical skills in a dynamic organization and contribute to impactful software development projects.

## ACADEMIC PROJECT

1-E-Commerce Website
Developed a responsive e-commerce website with product listing, cart system, order summary and user-friendly interface using HTML, CSS and JavaScript.
2-Quiz Test Application
Created an interactive quiz web app with timer, score calculation, multiple-choice questions and instant result display.
3-Currency Exchange Converter
Built a currency converter tool that fetches live exchange rates and converts amounts between multiple currencies with simple UI.
4-Calculator Application
Developed a basic calculator using Python that performs arithmetic operations like addition, subtraction, multiplication, and division with a simple command-line interface.
5- Python Mini Project – Stock Price Predictor
Developed an ML model to predict stock prices using historical data and regression algorithms.
6- Weather App
Created a weather forecasting web app showing temperature, humidity, wind speed, AQI, and live weather icons with modern UI.

## LANGUAGE

- English
- Hindi

## TECHNICAL SKILLS
